

QDU SERIES

THE FASTEST DRUM UNLOADER WITH THE LESS ENERGY CONSUMPTION

The QDU is a Drum Unloader equipment, fully designed with an integrated QTS Pump linked to an electric motor, which allows savings in energy consumption.

CHARACTERISTICS

- Energy saving due using efficient electric motors
- Deliver faster unloading
- Accurate metering
- Quieter operation
- Electric drum QTS pump provide a substantial increase in efficiency over less efficient air-operated pumps
- Constant flow
- Handling of products with high viscosities (from 1 to 1,000,000 cP)
- Allows downloads up to 60 GPM depending on the viscosity
- Its hygienic design integrates an EHEDG certificated QTS Pump
- Up to 360 Psi

QTS SERIES

TWIN SCREW PUMPS FOR INFINITE APPLICATIONS

The QTS is a twin screw pump, 100% sanitary and ideal as a process pump and CIP, which reduces costs and maintenance times.

QC SERIES

EASY ASSEMBLY CENTRIFUGAL PUMPS

The QC + series is ideal for sanitary and non-sanitary applications, perfect for the food, beverage and agrochemical industries.

QIS SERIES

INTERNAL SEAL

The QIS is a new sanitary centrifugal pump with an Internal seal, ideal for sanitary and non-sanitary applications, perfect for the food, beverage and pharmaceutical industries.

MIXERS SERIES

QIM, QDB, QVM

YOUR PROCESSES, EASIER

Created perfect solution for applications that require to be homogenized or disintegrated while being pumped. The most versatile mixers in the market.
